

## REGULAR GIVING

By supporting CFNZ – Auckland Branch with a regular gift, you are making a difference in the lives of people with cystic fibrosis who are living in the greater Auckland area.

Thank you for considering a regular gift, your support means we can continue to provide essential medical equipment, support services, welfare support, education and field workers to people living with CF. Regular gifts are important to our organisation and enable us to plan each year so we can continue providing these crucial services.

We sincerely appreciate your support.

You can set up an automatic payment using internet banking or by visiting your bank and asking them to set up a new payment. There is no charge to us, so 100% of the donation is received and you have total control if wish to change the frequency or amount, or pause or cancel at any time.

- STEP 1:** Add 'CF Assn Auckland Branch' as a new payee, using 12-3008-0216256-00 as the account.
- STEP 2:** Set up a new payment, choosing how much you'd like to give and the frequency (once a month, fortnightly, yearly). Please use 'Regular Giving' as the donation type in the code field and add your last name and initials in the particulars or reference field.
- STEP 3:** Please fill out your details below and send back to us so that we can receipt your donation and acknowledge your support. We will email a receipt for your combined donations for the tax year after 31 March each year.
